What Sets Us Apart

Proven Track Record of Success

Global Expertise

With a wealth of experience across the USA, Europe, and Asia, we excel at delivering seamless Dynamics 365 rollouts tailored to your organization's unique needs, regardless of location or time zone.

Proven Performance

Having successfully deployed 150+ Microsoft Dynamics projects, we have the expertise to deliver robust, scalable solutions that drive results.

One-Stop Solution

We offer a full suite of Microsoft Business Applications, ensuring you have everything you need under one roof.

Quick Turnaround

We deliver solutions efficiently, meeting your deadlines without compromising on quality.

Robust Quality Framework

Our CMMI Level 3 certification and adherence to ISO standards reflect our unwavering commitment to excellence in quality and process management.

Data Security

With stringent security protocols and a dedicated in-house QA team, your sensitive data is in safe hands.

Scalability

Our team of 350+ professionals ensures that we can handle projects of any scale, providing you with solutions that grow alongside your business.

Dedicated Support

Our high-quality support and enhancement services minimize downtime and maximize productivity.

What Sets Us Apart

Commitment to Quality, Security, and Scalability

Our Solutions

Navigate Next with Cloud-first Solutions

Our unwavering commitment to excellence is reflected in our in-depth knowledge and expertise, empowering us to deliver cutting-edge solutions that adhere to the highest industry standards. Imagine a future where your business operations seamlessly integrate finance, supply chain, customer service, and sales – a harmonious symphony of efficiency and success.

Marketing & Sales Transformation

- Customer Insights
- Lead Capture & Qualification
- Enhance Customer Collaboration
- Empower Sales for Success
- Efficient Project Operations

Finance Optimization

- Automated Audit with Configurable Accounts
- AI-Driven Cash Flow & Financial Management
- Consolidation, Reconciliation, and Contract Management
- Asset Management & Budget Planning

Supply Chain Modernization

- Predictive Analytics & Real-time Monitoring
- Optimized Trade & Distribution
- Inventory Optimization & Collaborative Forecasting
- Demand Planning and Management
- Asset and Product Management

Customer Service Enhancement

- Unified Customer Profiles and Workflows
- AI-powered Chatbots
- Seamless Omnichannel Support
- Improved Field Services
- IVR Integration

Business Process Automation (BPA)

- Process Understanding & Analysis
- Efficiency Enhancement & Optimization
- Operational Standardization & Control
- Technological Advancement & Automation

Data & BI

- Microsoft Fabric
- Data Warehousing, Integration & Analytics
- ETL Development
- Data Governance & Data Lake
- Business Intelligence as a Service (BlaaS)

Power Platform

- Microsoft Power BI
- Microsoft Power Apps
- Microsoft Power Automate, RPA & AI Builder
- Microsoft Power Pages - Portal
- Microsoft Copilot Studio

System Integration

- API Integration Planning
- Data Synchronization Setup and Configuration
- ETL (Extract, Transform, Load) Pipeline
- Third-Party Application Connector

Our Services

We Flex so that Your Business can Move Forward

From comprehensive process analysis to efficient task streamlining, we optimize operations for maximum efficiency and control, freeing your team to focus on strategic goals. With expertise in cloud infrastructure services, DevOps, and system integration, DynaTech empowers businesses to navigate the digital era securely and seamlessly.

Testing Services

- API Testing
- DevOps Integration for DevSecOps
- Functional & Performance Testing
- Test Automation & Center of Excellence

Services to Help you Succeed

Cloud Enablement

- Upgrade to Cloud SAAS Platforms
- Move data to Cloud, Data Warehousing
- Data & Power BI Implementation
- Move workload, Infrastructure to Azure
- Move Applications/Processing to Azure
- Version Control, CI/CD, Github, Azure
- DevOps

Consulting & Delivery

- IT Strategic Consulting & Advisory
- ERP & CRM Evaluation
- Data Engineering (Azure Data & Integration Services)
- QA, Testing Automation, Performance Testing & Systems Audits
- Global Roll-outs
- Robotic Process Automation (RPA)
- Custom Low Code Applications & Portals

Managed Services

- Upgrade, Migration, Patch Update and Security
- User onboarding and Training
- 24*7 Support in Multiple Time zones
- Review Processes, Optimize on Change Requests & POC for new features
- Dynamics & Azure system health checkups
- Deployments, DevOps management
- Ticket requests for new developments & reports

Next-Gen Industry Accelerators

E-Commerce

- Order Fulfillment and Tracking
- Digital Product and Pricing Management
- Inventory Management
- Customer Engagement and Personalization
- Tax, Payment, and Shipping Integration

Not-profit/Association

- Subscription Management
- Member's App and Portal
- Payment Management
- Case Management
- Association Management

Wholesale and Distribution

- Sales Order Fulfillment & Secondary Sales
- Margin Pricing, Rebates, Schemes Management
- Intercompany Transactions & Claims
- Retailer/Distributor Onboarding

Project Service and Manufacturing

- Sales Cycle & Estimation
- Product Lifecycle & Production Planning
- Project & Engineering Change
- Subcontractor Management
- Project Budgets & Accounting

Process Manufacturing

- Yield Planning
- Formula & Co-/By-products Management
- Optimized Picking, Batch Optimization, Item Tracking, Cost Analysis and Quality Control
- Routing, BOMs, Employee Timekeeping

Next-Gen Industry Accelerators

Discrete Manufacturing

- Inventory & Warehouse Management System
- Sales Distribution
- Quality Management
- Sales Cycle & Estimation
- Product Lifecycle Management

Engineer-to-order

- Project and Engineering Change
- Supply Chain Optimization
- Project Planning & Resource Management
- Cash Flow, Project Budgets and Accounting
- Subcontractor Management

Electrical Equipment

- Project Support
- Vendor and Contractor Collaboration
- Fix Catalogs
- Equipment Manufacturing Efficiency
- Software Planning and Control

Assembly and Repetitive

- Workflow Optimization
- Demand Forecasting
- Quality Management
- Enterprise Asset Management
- Demand-driven Material Requirements Planning

Steel Manufacturing

- Optimize Cutting Plans
- Product Configuration & Variant Wizard
- Bulk Production Order Processes
- Serial Number Tracking & History
- Auto Transfer & Sales Inventory

Building Materials

- Easy Imports
- Simplified Lending Cost, Catalog & Pricing
- Easy Installation
- Configure Price Quote (CPQ)
- Line Wise Tracking

Next-Gen Industry Accelerators

Education

- Admissions and Enrollment Management
- Educational Program and Course Details
- Scholarships and Grants
- Exams and Results
- Certificate and its Renewal

Healthcare

- Electronic Health Records Integration
- Mobile Healthcare Apps
- Patient Billing and Revenue Cycle Management
- Clinical Workflow Automation
- Patient Portal and Self-Service Solutions

Food and Beverages

- Batch & By-products Tracking
- Shelf-life Maintenance
- Formula-based Production
- Commodity & Attribute-based Pricing
- Sales Return, Discount, Alerts and Notifications

Insurance and Investment

- Financial & Risk Management
- Customer/Policyholder Onboarding
- Customer Service, Billing & Invoicing
- Data-Driven Insights
- Power Apps for Portals

Point of Sale

- Omnichannel Excellence
- Inventory Optimization
- 360 – Degree Customer View
- Strategic Merchandising
- Optimized Retail Operations

DynaTech

Products

Empower your business with our suite of tailored IT solutions, streamlining system integration for seamless operations.

From customizable apps to industry-standard tools, elevate your efficiency and stay ahead of the curve with our cutting-edge technology.
