

Payment Gateway Connector

Simplify Payments with DynaTech's Payment Gateway Connector for Dynamics 365!

DynaTech's Payment Gateway Connector, powered by **Microsoft Dynamics 365 CE, Power BI, and FinOps**, helps streamline payments while ensuring security, compliance, and customer satisfaction.

Key Features

Integrated Payment Processing

Feature: Effortlessly integrate credit card, debit card, and eCheck payments into your Microsoft Dynamics 365 environment for a streamlined payment experience.

Benefit: Simplify payment workflows and eliminate manual data entry, reducing errors and speeding up transactions.

Real-Time Payment Analytics

Feature: Leverage Microsoft Fabric to enable real-time access to payment data and analytics directly within Microsoft Dynamics 365.

Benefit: Gain the ability to make data-driven decisions instantly, uncover payment behaviors, & adjust financial strategies to enhance efficiency.

Automated Financial Reconciliation

Feature: Simplify financial processes with automated payment matching, reducing the risk of errors.

Benefit: Accelerate financial reporting and improve accuracy in your accounting records.

Multi-Currency Support

Feature: Conduct international business with ease by enabling multi-currency support.

Benefit: Expand market reach and simplify cross-border transactions without the hassle of currency conversions.

Advanced Payment Security

Feature: Prioritize payment data security with robust encryption and compliance with industry standards like PCI DSS.

Benefit: Ensure the utmost protection for sensitive customer information, safeguarding your business and customers from potential fraud.

Regulatory Compliance

Feature: Stay compliant with industry regulations like PCI DSS (Payment Card Industry Data Security Standard).

Benefit: Ensure adherence to payment processing standards and avoid penalties, keeping your business legally compliant.

API Connectivity

Feature: Seamlessly integrate with third-party applications and services through APIs.

Benefit: Unlock opportunities for automation, customization, and expanded functionality across your payment processes.

Customer Convenience

Feature: Enhance the customer journey by offering a convenient payment option within Microsoft Dynamics 365.

Benefit: Simplify invoice settlement and transactions, increasing customer satisfaction and loyalty.
