

Not-for-Profit Digital Accelerator

Empowering Non-Profits with DynaTech's Digital Accelerator

DynaTech's Not-for-Profit Digital Accelerator is powered by **Microsoft Dynamics 365 CE**, offering a comprehensive solution for non-profits to optimize operations, build stronger relationships, and achieve greater impact.

Key Features

Donor Management

Feature: Effortlessly manage donor relationships, track contributions, and develop personalized engagement strategies to foster long-term support.

Benefit: Strengthen donor retention and cultivate meaningful relationships for sustained fundraising success.

Volunteer Management

Feature: Streamline volunteer scheduling, task assignments, and communication to maximize the productivity and impact of volunteers.

Benefit: Boost volunteer engagement and operational efficiency, ensuring optimal use of volunteer resources.

IATI Reporting

Feature: Ensure compliance with the International Aid Transparency Initiative (IATI) reporting requirements for increased transparency.

Benefit: Simplify reporting processes and demonstrate accountability and transparency to stakeholders and donors.

Constituent Management

Feature: Effectively manage relationships with constituents, members, and beneficiaries to ensure personalized engagement and support.

Benefit: Enhance constituent satisfaction by delivering tailored experiences and improving relationship management.

Targeted Fundraising

Feature: Leverage data insights to execute targeted fundraising campaigns, appeals, and events aimed at maximizing donor contributions.

Benefit: Increase fundraising effectiveness and drive higher revenue with data-driven, personalized campaign strategies.

Donations and Award Management

Feature: Simplify the management of donations, grants, and awards with a unified view of all contributions, tracking, and reporting in one system.

Benefit: Streamline donation and award workflows, improve reporting accuracy, and gain full visibility into funding streams.
