

Not-for-Profit Digital Accelerator

Non-profit organizations drive community change, but limited resources and complex operations can be challenging. DynaTech's Non-profit Accelerator helps you with:

Streamlined Operations

Enhanced Customer Experiences

Increased Sales and Revenue

Features

01 Donor Management

Manage donor relationships, track contributions, and create personalized engagement strategies.

02 Constituent Management

Oversee relationships with constituents, members, and beneficiaries.

03 Volunteer Management

Streamline scheduling, task assignments, and communication to optimize volunteer impact.

04 Targeted Fundraising

Use data insights to drive targeted campaigns and events for enhanced fundraising.

05 IATI Reporting

Ensure compliance with International Aid Transparency Initiative (IATI) reporting requirements for greater transparency.

06 Donations and Award Management

Simplify tracking and reporting of donations, grants, and awards in one unified view.
